FOR AMERICAN ACADEMY**

This Charter School Contract (“Contract”) is made and entered on the dates identified below (the date of the final signature being the “Effective Date” of the Contract), by and between Douglas County School District RE-1 (the “District”) and American Academy, a public charter school organized as a Colorado non-profit corporation (the “School”) (collectively, the “Parties”).

RECITALS

WHEREAS, the Colorado General Assembly has enacted the Charter Schools Act, C.R.S. §§ 22-30.5-101 *et seq.* (the “Act”), allowing for the creating and operating of charter schools within the state by its terms and for certain purposes as enumerated in C.R.S. § 22-30.5-102(2) & (3); and

WHEREAS, on or before September 1, 2022, a renewal application was submitted by School asking the District to renew its charter for a term commencing on July 1, 2023 and ending of June 30, 2028; and

WHEREAS, on January 24, 2023, the District Board of Education (“District Board”) adopted a resolution (the “Resolution”) (attached hereto and incorporated by reference herein as **Attachment 1**) approving the School’s charter school renewal for a term of five (5) years.

NOW THEREFORE, in consideration of the foregoing Recitals and the mutual understandings, releases, covenants and payments contained herein, the Parties agree as follows:

SECTION ONE: ESTABLISHMENT OF SCHOOL

1.1 Term; Conditions Precedent; Pre-Opening Conditions.

- A. This Contract is effective as of July 1, 2023, and shall continue through June 30, 2028. Although this Contract renews the operation of the School for an additional period of five (5) years, any financial commitment on the part of the District contained in this Contract is subject to annual appropriation by the District and the Parties agree that the District has no obligation to fund the financial obligations under this Contract other than for the current year of the Contract term. The District has not irrevocably pledged and held for payment sufficient cash reserves for funding the School or for providing services herein for any subsequent fiscal year during the remaining term of the Contract. A School Contract may be renewed for an additional period upon application for renewal in accordance with the state law and District Board approval of the renewal of the application.
- B. The School shall comply with any conditions of renewal of School’s Contract as set forth in the Resolution attached to this Agreement at **Attachment 1** (“Renewal Conditions of Approval”). The School’s failure to comply with one or more of the Renewal Conditions of Approval shall be a material breach of the Contract.

1.2 Charter School Corporate Status.

The School is incorporated as a Colorado non-profit corporation. The School shall continue to operate as a Colorado non-profit corporation and shall assure that its operation is in accordance with its Articles of Incorporation and Bylaws.

- A. Compliance with Contract. The School shall be bound by and operated in a manner consistent with the terms of this Contract so long as such terms are in accordance with state, federal and local law.
- B. Corporate Purpose. The purpose of School as set forth in its Articles of Incorporation will be limited to the operation of a charter school pursuant to the Act.
- C. Charter School Legal Status. School is incorporated as a Colorado non-profit. School shall continue to operate as a Colorado non-profit corporation and shall assure that its operation is in accordance with its Articles of Incorporation and Bylaws. School shall notify the District promptly of any change in its corporate and/or tax exemption status. School shall be organized and maintained as a separate legal entity from the District for all purposes of this Contract. As provided by the Act, the School shall constitute a public school in Colorado. Notwithstanding its existence as a separate legal entity, the educational programs conducted by the School are considered to be operated by the School as part of the District. As such, the School is subject to Colorado laws and District policies that apply to all public schools unless waived in accordance with Section 4.5 of this Contract. Further, the School is a public entity within the meaning of C.R.S. § 24-10-106 and is therefore entitled to the protections of the Colorado Governmental Immunity Act. The School also is a local public body within the meaning of C.R.S. § 24-6-402(1)(a) and is additionally subject to Colorado’s Open Meetings Law and the Open Records Act.
- D. Dissolution. Upon dissolution of the School, assets of the School remaining after paying the School’s debts and obligations incurred in connection with activities authorized by this Contract, and not requiring return or transfer to donors or grantors, will become the property of the District or another charter school within the District, as determined by the District and the School in advance of dissolution. The School will execute all necessary documents required to convey such items. At the time of donation, any property requiring return or transfer to the donor or grantor shall be clearly marked and properly inventoried. Upon dissolution, all such documentation shall be provided to the District.
- E. Non-Commingling. Assets, funds, liabilities, and financial records of the School shall be kept separate from assets, funds, liabilities, and financial records of any other person, entity, or organization including any education management provider whose services are retained by the School as well as other charter schools who retain the services of the same education management provider.

The School's obligation herein includes maintaining up-to-date information about enrolled students in the District's student information system. In addition, the School and the District shall ensure that records for students enrolling in the School or other District schools are transferred in a timely manner, but not to exceed fourteen (14) business days following request for the same unless prior approval for a delay is provided by the requesting entity. Required reports include but are not limited to those listed below along with projected due dates for the current school year. Timely written notification shall be provided when due dates are changed, or additional reports are to be provided. Remedies include, but are not limited to, those listed below. These remedies may be applied individually, in succession, or simultaneously. Prior to taking any of the actions below, the District shall send a notice as provided in subsection I below.

1. Withholding Funds. The District may withhold a portion of the School's monthly payment for failure to comply with the financial reporting requirements set forth in

this Contract as allowed by C.R.S. § 22-30.5-105(2)(c)(IV). The District may withhold such funds only until such time as the School complies with the financial reporting requirements. Any action taken pursuant to this subsection is subject to review as provided in C.R.S. § 22-30.5-112(8).

2. Plan Submission. The District may require the submission of a plan to remedy the deficiency. Upon the written request of the District, the School shall develop a plan to remedy the failure or deficiency and submit it to the District for review and comment. The plan may be revised at the discretion of the School. The District may require the School to review and revise the plan if it reasonably determines that the plan is not effective in remedying the deficiency. This remedy may be applied if the School fails (a) to make progress toward achieving its goals and objectives as described in this Contract after a reasonable period of time, (b) to achieve District accreditation requirements, (c) to implement its educational program as described in this Contract after a reasonable period of time, or (d) fails to complete two or more required reports by the established deadlines.

 4. Exercise of Emergency Powers. The District may request that the Commissioner issue a temporary or preliminary order in accordance with C.R.S. §§ 22-30.5-701 *et seq.*, if the conditions of an emergency exist, as defined therein.
- I. Procedural Guidelines for School Violations of Law or this Contract. Prior to applying a remedy other than seeking an order under the Emergency Powers set forth in C.R.S. §§ 22-30.5-701 *et seq.*, the District shall, to the extent practicable, engage in the following process:
 1. The District shall give the School written notice of an alleged breach of the contract (including without limitation violation of applicable law). The notice shall state the alleged breach, the basis for the finding, the time by which the District expects the alleged breach to be remedied, and the expected remedy.
 2. The District shall give the School a reasonable opportunity to contest the District's determination that a breach has occurred. In a non-emergency situation, this means the Lead Administrator or his designee shall be given an opportunity to meet with the Superintendent or his designee to discuss the notice within five (5) business days.
 3. If the breach is not cured within the time specified in the notice, the District may apply remedies 2.2.H (1-4)
 - J. District Violations of School Law or this Contract. If the School believes that the District has violated any provision of this Contract or applicable law, the School may initiate dispute resolution procedures in accordance with Section 2.2.H, file an appeal with the State Board, or seek other remedies provided by law.

SECTION THREE: SCHOOL GOVERNANCE

3.1 Governance.

The School's Articles of Incorporation and Bylaws shall not conflict with the School's obligation to operate in a manner consistent with this Contract. The Charter Board will adopt and operate under policies that provide for governance of the operation of the School in a manner consistent with this Contract. The Charter Board shall operate in accordance with these documents. Any material modification of the Articles of Incorporation or the Bylaws shall be made in accordance with the procedures described in Section 2.2(H) of this Contract. As used herein, a "material modification" shall include a modification that significantly increases the number or percentages of votes required to take major actions, that changes the selection method or qualifications of the Charter Board or changes the purpose of the entity.

3.2 Corporate Purpose.

The purpose of the School as set forth in its Articles of Incorporation shall be limited to the operation of a charter school pursuant to the Colorado Charter Schools Act, C.R.S. §§ 22-30.5-101 *et seq.* and purposes ancillary thereto and in support thereof.

3.3 Transparency.

The School shall make Charter Board-adopted policies, meeting agendas and minutes, Charter School's School Accountability Committee meeting agendas and minutes, and related documents readily available for public inspection including posting of such information on the School's website. The School shall also post on its website in a timely manner information about Charter Board members, Charter Board meetings, financial information and audits, relevant School documents, the School's process for resolving public complaints, and other information that may be of interest to students, parents, and community members. The School shall conduct meetings consistent with principles of transparency, the Colorado Open Meetings and Open Records laws, and shall adopt and strictly enforce a conflict-of-interest policy including a policy to avoid conflicts of interest between the School and any education management provider whose services are retained by the School.

3.4 Complaints.

- A. The School shall establish a process for resolving public complaints, including complaints regarding curriculum, which shall include an opportunity for complainants to be heard. The School shall submit to the District for approval its process for resolving public complaints, including complaints regarding curriculum, which must provide an opportunity to be heard and an appeal process that provides for a final administrative appeal to be heard by the Charter Board. Any material changes to the process shall be submitted to the District for approval prior to implementation.
- B. To the extent that the District receives a complaint regarding the School, District agrees to notify the School within ten (10) days of receipt by the District and shall include information about the substance of the complaint, taking into consideration any complainant's request for anonymity. Thereafter, any such complaint shall be addressed consistent with Subsection

3.5.A. above. The District shall be notified of the School's response to the complaint within thirty (30) business days of resolution by notification to the District's Choice Office.

3.5 Contracting for Educational Services.

Unless approved by the District in writing, which approval shall not be unreasonably withheld, the School shall not enter into a contract or subcontract for the management or administration of its special education program and related services. Such permission is not required if the school desires to enter into a contract or subcontract for the School's management or administration of its general education instructional program or related services so long as, at a minimum, such contract or subcontract satisfies the requirements set forth in **Attachment 4**. If the School fails to comply with this Section, it shall be a material breach of the Contract.

3.6 Contracting for Operational and Administrative Services.

- A. Pursuant to relevant law, the School may contract with third party providers for operational and administrative services. The School shall follow applicable laws, as they apply to charter schools, related to procuring and contracting for goods and services and adhere to best practices, including standards related to arms-length negotiations and arrangements and conflicts of interest. The School will adopt policies and procedures relating to the procurement and contracting of goods and services. The District may offer guidance on such policies and review contracts on a case-by-case basis as requested by the School.
- B. The District acknowledges that the School may contract with an education management provider for the operational and administrative services. This Contract and the District's obligations hereunder are conditioned upon School developing an agreement with such education management provider that satisfies the requirements set forth in **Attachment 4**. If School fails to comply with this provision, it shall be a material breach of the Contract.

3.7 Volunteer Services.

School may request parents to commit to volunteer services consistent with Colorado law.

3.8 Conflict of Interest.

Members of the Charter Board or any governing committee established for the School shall comply with state law and District policies and regulations regarding ethics and conflict of interest. Subject to approval of the District as applicable, if the School enters into a contract with an education management provider, then School acknowledges and agrees that its board members shall not be employed by such provider or their affiliate and shall not be employed with another charter school who retains the services of such provider.

SECTION FOUR: OPERATION OF SCHOOL AND WAIVERS

4.1 Operational Powers.

The School shall be responsible for its own operations, and shall have authority independently to exercise the following powers (together with such powers as provided for elsewhere in this Contract and as allowed by the Act): contracting for goods and services; preparation of budgets; selection, supervision, evaluation, and determination of compensation for personnel; promotion and termination of personnel; leasing facilities for the School; accepting and expending gifts, donations, or grants of any kind in

accordance with such conditions prescribed by the donor as are consistent with law and this Contract; and adoption of policies and Bylaws consistent with the terms of this Contract.

4.2 Evaluations and Trainings.

- A. Lead Administrator Evaluation. The Charter Board shall conduct a performance evaluation of the Lead Administrator of School at least annually.
- B. Employee Evaluations. The Lead Administrator or his/her designee shall conduct performance evaluations of the School's employees at least annually.
- C. Training. The Charter Board shall adopt a policy for its annual training plan. Further Charter Board members will satisfactorily complete the online charter school governing board training modules recommended by the Department, or comparable training, within a year of: (a) executing this Contract (for those members currently serving on the Board or provide evidence of prior completion) or (b) being seated on the Board (for all future Board members), whichever comes first. Failure to complete this requirement will be noted in the Annual Performance Report Compiled by the District.

4.3 Transportation and Food Services.

- A. Transportation. The District and the School acknowledge and agree that transportation is not provided to students attending the School by the District, unless separately arranged by contract with the District or unless student is attending the District's center-based program at School and transportation is required to be provided by a center-based student's IEP. In all other circumstances, the School shall be responsible for providing transportation services, if any, to students attending the School. The District and the School agree that enrollment at the School is a choice and as such students with disabilities who choose to attend School are generally not eligible for transportation services.
- B. Food Services. If the District is the School's contracted School Food Authority, School may not opt out of providing free lunches to its students so long as the District provides free lunches to its students.

4.4 Insurance.

The School shall purchase insurance protecting the School and Charter Board, School employees, and School volunteers (if allowable by policy), and District where appropriate, consisting of comprehensive general liability insurance, errors and omissions liability insurance (school entity liability insurance), and such other insurance as identified below which identifies the minimum coverages for the current school year:

Comprehensive general liability - \$2,000,000 Per Occurrence/\$5,000,000 Annual Aggregate.

Sexual Misconduct or Molestation - \$5,000,000.

Officers, directors and employees errors and omissions - \$2,000,000.

Cyber, internet, security insurance -- \$1,000,000

Property insurance - As required by landlord.

Motor vehicle liability (if appropriate) - \$1,000,000.

Crime coverage: \$100,000.
Bonding (if appropriate):
Minimum amounts: \$25,000.
Maximum amounts: \$100,000.
Workers' compensation - (as required by state law).

The District shall provide at least sixty (60) days' prior written notice if these coverage limits are changed, and all changes shall be commercially reasonable. Insurance terms and conditions must be reasonably acceptable to the District and underwritten by insurers that are legally authorized in the State of Colorado and that are rated by A.M. Best Company not lower than "A-VII". Use by the School of the Colorado School Districts Self Insurance Pool will not require preapproval by the District.

The School shall provide certificates of insurance to the District's Director of Risk by August 15 annually. An endorsement and waiver of subrogation as noted below shall be provided to the District's Director of Risk:

- Endorsement: These insurance policies shall name the Douglas County School District RE-1, its officers, directors, board of education, and employees as additional insureds and shall provide for written notice to District before cancellation or non-renewal of such insurance.
- Waiver of Subrogation: A waiver of subrogation must be included as an attached endorsement for the following policies, as applicable: commercial general liability, motor vehicle, workers' compensation, and sexual abuse or molestation.

All of the insurance policies purchased by the School shall state that coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, except after thirty (30) calendar days prior written notice by electronic mail, read receipt requested, sent to the School and the District's Risk Manager. The School shall notify the District's Director of Risk within ten (10) calendar days if for any reason there is a lapse in insurance coverage. The School is solely responsible for any deductibles payable under the policies purchased by the School. Both Parties shall secure policies that are primary and noncontributory to insurance obtained by the other party and/or any obligation of indemnification under this contract.

4.5 Waivers.

A. State Laws and Regulations.

1. Automatic Waivers. Pursuant to C.R.S. § 22-30.5-103, automatic waivers are those automatically granted upon the establishment of a charter contract. Pursuant to C.R.S. § 22-30.5-104(6), the State Board will adopt, by rule, a list of automatic waivers for which the School is *not* required to submit a replacement plan, or statement, to the Colorado Department of Education, to specify the manner in which the School intends to comply with the intent of the state statute or State Board rule. The list in effect as of the Effective Date is attached in **Attachment 5**.
2. Waiver Requests. Waivers are neither necessary nor appropriate when a statute or rule by express terms does not apply to a charter school, nor when a District power or duty has been fully delegated, as more specifically stated in this Contract, to the School. The School is expected to only seek waivers if a statute or rule applies to the

School and the waiver is consistent with the School's operational or educational needs.

3. Non-automatic Waiver Requests. If School complies with the timely provision of the School's rationale in support of waiver request from state laws and regulations, then District Board agrees to jointly request waiver of the state laws and regulations that are listed in **Attachment 6**. To the extent the State Board does not grant the requested waivers or imposes conditions upon the School with respect to such waivers, it is agreed that representatives of the Parties shall meet to negotiate the effect of such State Board action.
4. Subsequent Waiver Requests. The School may request additional non-automatic waivers. Upon receipt of such request, the District shall have thirty (30) calendar days to review the request and, thereafter, shall present the matter before the District Board at its next regular meeting. The District Board shall, unless otherwise agreed by the Parties, have thirty (30) calendar days to consider the matter prior to rendering a decision at a regular meeting. The District agrees to jointly request such a waiver from the State Board if the District's Board first approves the request. State Board approval of requests to waive State law or regulations shall not be unreasonably withheld. To the extent the State Board does not grant the requested waivers or imposes conditions upon the School with respect to such waivers, it is agreed that representatives of the Parties shall meet to negotiate the effect of such State Board action. Any such requests for waivers must include a statement articulating how the School plans to comply with the intent of the statute, rule, or policy for which waiver is required.

B. District Policies.

1. Applicable Waivers. The School shall be granted certain waivers from District policies set forth in **Attachment 7** upon approval of the District's Board of Education (the "District's Board"), which may include approval by the District's Board of acceptable replacements.
2. Subsequent Waiver Requests. The School may request additional waivers. Upon receipt of such request, the District shall have thirty (30) calendar days to review the request and, thereafter, shall present the matter before the District's Board at its next regular meeting. The District Board shall, unless otherwise agreed by the Parties, have thirty (30) calendar days to consider the matter prior to rendering a decision at a regular meeting. Waivers of District policies may be granted only to the extent permitted by state law. Waiver of District policies shall not be unreasonably withheld. Any such requests for waivers must include a statement articulating how the School plans to comply with the intent of the statute, rule, or policy for which waiver is required. To the extent additional waivers are granted or waivers are otherwise amended, they shall be attached to this Contract at **Attachment 8** which shall be amended to reflect the additional waiver and its effective date.
3. Revocation of Waivers. For reasonable cause and after providing notice to the School, the District's Board may revoke waivers previously granted.

4.6 Bidding Requirements.

Unless purchased from or through the District, contractual services and supplies, materials and equipment shall be procured through a system of competitive bidding, when required by the School's policy, which will comport with best practices for charter schools and state law.

4.7 Traffic Planning.

Charter School site location and the process of student loading and unloading is critical for safe and efficient traffic operations both on school property and the surrounding roadway network. Charter School staff, parents and students need to be aware of this reality and participate in providing a safe and organized flow of traffic. School will follow the Traffic Management Plan (TMP) in effect for each of its buildings subject to the amendment terms below.

The TMP will be readily available to all parents and students. Any physical changes to the school site (such as building expansion, parking lot revision, stacking lane revision, etc.) or substantial changes in enrollment will require an amendment to the TMP, in addition to local government land use approvals. TMP's and Traffic Impact Analyses are site specific, therefore, if School changes locations, a new TMP and Traffic Impact Analysis will be required. Any amendments to the TMP under these circumstances will be coordinated with and approval sought from the local government jurisdiction.

SECTION FIVE: SCHOOL ENROLLMENT AND DEMOGRAPHICS

5.1 School Grade Levels.

The School may serve students in grades K-8 at 6971 Mira Vista Lane Castle Pines North, CO 80108; and PK-8 at 11155 Motsenbocker Rd. Parker, CO 80134; and 10260 Twenty Mile Road Parker, CO 80134, in these three locations within the geographic boundaries of the District

5.2 Student Demographics.

As required by the Colorado Charter Schools Act, C.R.S. § 22-30.5-104(3), School enrollment procedures shall be conducted by the School in a nondiscriminatory manner. The School shall implement a recruitment and enrollment plan that ensures that it is open to any child who resides in the District. The School is committed to the goal of enrolling and retaining a student population that will be reasonably representative of the percentage of students that are eligible for free or reduced lunch, English language learners, and special education programs within the District average, taking into account the demographics of other public schools within a reasonable proximity to the School. The Parties acknowledge that the School's good faith effort to enroll and retain said representative populations, may not, in and of itself, ensure achievement of this goal, and that as a public school, the School cannot turn away students that meet its enrollment procedures as described in **Attachment 9**.

5.3 Maximum and Minimum Enrollment.

The School and the District agree that during the term of this Contract, the School's total enrollment shall not exceed the capacity of the School's facility and site. The minimum enrollment is determined to be the lowest enrollment necessary for financial viability, as reasonably determined by both Parties.

5.4 Eligibility for Enrollment.

The School shall limit enrollment of students accepted to School through the process outlined below, including enrollment procedures for students with disabilities, to those who meet the School's age and grade requirements, are not otherwise ineligible to enroll based on criteria in Article 33 of Title 22 or who meet the criteria in C.R.S. § 22-33-106(3)(f) in another District school. All enrollment decisions shall be made in accordance with applicable state and federal law and policy, and the requirements outlined in Section 5.6 below with respect to the admission process and procedures for enrollment of students with disabilities.

5.5 Enrollment Preferences, Selection Method, Timeline and Procedures.

- A. It is agreed that enrollment preferences and selection methods are left to the discretion of School so long as School complies with requirements of state and federal law, including allowance for equal educational opportunities.
- B. School agrees to adhere to District open enrollment timelines and procedures as described in **Attachment 10**.

5.6 Admission Process and Procedures for Enrollment of Students with Disabilities

- A. The two-step process shall be implemented when considering whether a student who is eligible for special education services is able to enroll in School. The two-step process includes an admissions phase of the process and an enrollment phase of the process.
- B. School shall conduct its admission process, including any lottery or similar process, without inquiry into the disability status of students. The School's application materials should not in any way include questions about disability status or whether or not a student has an IEP or Section 504 Plan.
- C. School may not inquire into whether a student has an IEP until the student has been admitted into the enrollment phase of the process, meaning that no such inquiry shall be made until the student has been successful in any lottery or similar process and School has offered a space to the student and the parent(s)/guardian(s) has accepted the offer. Following a student's admission into the enrollment phase of the process, the School may inquire about disability status and request a copy of the student's IEP.
- D. After receipt by School of the student's IEP, School shall cooperate with the District's Special Education Director or designee in any initial review of a student's IEP to address whether the student's IEP can be appropriately implemented at the School.
 - 1. If it is determined that student's IEP can be appropriately implemented at School after the initial review of a student's IEP, student shall be enrolled to attend School.
 - 2. If it is initially determined that student's IEP may not be able to be appropriately implemented at School, an IEP team meeting shall be convened to determine whether the student's IEP can be appropriately implemented at School.
 - a. If the IEP team determines that student's IEP can be appropriately implemented at School, student shall be enrolled to attend School.

- b. If the IEP team determines that student's IEP cannot be appropriately implemented at School, student's enrollment to attend School may be denied and the IEP shall include a specific explanation of the IEP team's determination or a separate prior written notice that meets the requirements of state and federal law shall be provided to parents.
- E. Admission of applicants with an IEP or Section 504 Plan shall be in compliance with District requirements and procedures concerning the education of students with disabilities. Every student who is admitted with an IEP or Section 504 Plan from his/her previous school shall be placed directly in a program that meets the requirements of such IEP or Section 504 Plan, unless and until a review staffing by the IEP team or Plan review meeting is held and the IEP or Section 504 Plan is changed.
- F. The School recognizes and agrees that it is solely and exclusively responsible for providing services and accommodations to students who have a disability within the meaning of Section 504 and the ADA, but are not eligible for special education and related services under the IDEA, and that nothing in this Contract shall be construed to require the District to provide services or accommodations to such students.
- G. An application for enrollment at School may be denied for a student with disabilities in the same manner and for the same reasons as such application may be denied for a student without disabilities.

5.7 Participation in Other District Programs.

No student may be jointly enrolled in the School and another District school or program without the written agreement of the District and the School. Such written agreement shall include the manner in which the costs of instruction shall be divided between the School and the District. Payment by the School to the District, if any, pursuant to any such agreement shall be deemed payment for a purchased service under the Charter Schools Act.

5.8 Non-Resident Admissions.

Subject to its enrollment guidelines, the School shall be open to any child who resides within the District and to any child who resides outside the District, subject to compliance with applicable Colorado public schools of choice statutes, District policy (unless otherwise waived) and this Contract. If the School has more applicants than it has space, preference shall be given to those students who reside within the District. The School shall handle denial of admission in a manner consistent with state law and District policy/regulations. Once enrolled, a non-District resident student may reenroll for subsequent school years until completing his or her schooling at the School.

5.9 Student Movement.

Any movement of students between the School and any District school, including the school serving the student's resident address that is not operated pursuant to a charter school contract, shall be in accordance with applicable law and District policy.

5.10 Expulsion and Denial of Admission.

The School agrees that it shall comply with all District policies/regulations concerning student attendance, standards of conduct and discipline, unless and until the School adopts its own written policies in

accordance with this Contract and applicable law. Where the School's Administration and/or Charter Board recommends a student for expulsion, the proceedings shall be referred to the District for handling through the District's expulsion processes. However, the Charter Board, or its designee, shall make findings of fact and recommendations which shall be provided to the District's Superintendent or designee for use and consideration when the District implements its expulsion processes. Any decision to expel a Charter School student by the District Board shall specify which District schools the student is expelled from attending and which schools, if any, the student may attend as an alternative. Any general education services required by law to be provided to suspended or expelled School students shall be the sole responsibility of the School, in cooperation with the District, with all costs for such services to be borne by the School. Any special education and related services required by law to be provided to suspended or expelled students shall be the sole responsibility of the School, in cooperation with the District, with all costs for such services to be borne by the School.

The District's Board shall have final authority regarding appeals in student expulsion cases.

5.11 Continuing Enrollment.

Pursuant to Colorado state law, students who enroll in the School shall remain enrolled in the School through the highest grade served by the School, absent expulsion, graduation, court ordered placement, or placement in a different school pursuant to an IEP and the School shall be considered the student's home school for purposes of choice enrollment. Students wishing to transfer from the School to another school in the District may do so only through the District's within-District choice enrollment and transfer procedures.

SECTION SIX: EDUCATIONAL PROGRAM

6.1 Vision.

School will be a beacon of educational choice and excellence for all stakeholders, students, parents, staff, and the community.

6.2 Mission.

6.3 Goals, Objectives, and Pupil Performance Standards.

The goals, objectives and pupil performance standards set forth in the School's renewal application are accepted by the District, as amended by this Contract, and subject to the following requirements:

- A. Accreditation. The School shall be accredited in accordance with written District guidelines and state law. The School acknowledges that these indicators may change over time and that the District agrees to provide the School with opportunity for input into any proposed changes before they are finalized. The School shall comply with the educational accountability and or accreditation provisions of Colorado law, as amended from time to time, including but not limited to: the Educational Accountability Act of 2009, C.R.S. §§ 22-7-101 *et seq.*; the Education Reform Act, C.R.S. §§ 22-7-401 *et seq.*; the School Accountability Reporting Act, C.R.S. §§ 22-7-601 *et seq.*; Educational Accreditation Act of 1998, C.R.S. §§ 22-11-101 *et seq.*;

- B. Identification for Support and Improvement Under ESSA. If the School has been identified or targeted for support and improvement, it must promptly address the areas identified as deficient.
- C. Opportunity for Comment. Reasonable progress towards all goals in this Contract shall be evaluated through the Colorado School Performance Framework, any additional federal requirements, and any other agreed-upon measures and metrics. The School will be given an opportunity for input and comment before the District finalizes its assessment of the School's achievement on the objectives listed above.
- D. Student Welfare and Safety. The School shall comply, except as waived, with all District approved policies and regulations, and comply with all applicable federal and state laws, concerning student welfare, safety and health, including, without limitation, District policies and laws addressing the reporting of child abuse, accident prevention and disaster response and laws governing incidents of school violence under C.R.S. § 24-10-106.3, and any state regulations governing the operation of school facilities.
- E. Academically Exceptional Students. The School shall identify academically low-achieving, at-risk students, gifted and talented, and other "exceptional children" as defined by law, including in regulations adopted by the State Board, and shall provide its educational program to these students in a manner that appropriately serves their needs in accordance with applicable law, as set forth in the Application and this Contract.

6.4 Educational Program Characteristics.

School shall implement and maintain educational program characteristics consistent with its renewal application and the educational program characteristics of the educational program as described below:

Consistent with our mission, through setting high academic and behavioral expectations for every child, a developmentally appropriate core knowledge curriculum and STEAM focus, manners & character programming, and a strong partnership with our parents, American Academy offers children and their families from all over the world a strong educational foundation for high school and beyond.

6.5 GED and On-Line Programs.

The School's educational program as contained in the application and currently operated and as reviewed by the District does not include an on-line program pursuant to C.R.S. §§ 22-33-104 *et seq.*, or a GED and the School is accordingly prohibited from offering such online or GED programs.

6.6 Curriculum, Instructional Program and Pupil Performance Standards.

The School shall have the authority and responsibility for designing and implementing its educational program, subject to the conditions of this Contract. The educational program, pupil performance standards and curriculum designed and implemented by the School shall meet or exceed the Colorado Academic Standards, shall be designed to enable each pupil to achieve such standards, and shall be consistent with the School's vision and mission.

6.7 Tuition and Fees.

- A. Tuition. The School shall not charge tuition, except as otherwise provided in C.R.S. § 22-20-109(5), C.R.S. § 22-32-115(1) and (2) and C.R.S. § 22-54-109, other than for PRE-K, before and after school programs or as otherwise permitted by law.
- B. Fees. Student fees may be charged by the School so long as in accordance with applicable Colorado law, including but not limited to the provisions of C.R.S. § 22-32-110(1)(o) & (p) and C.R.S. § 22-32-117.
- C. Indigent Students. The School shall waive all fees for indigent students in accordance with applicable federal and state law. On all fee lists and schedules, the School shall include notification of the policy of waiver of fees for indigent students. The School shall survey its student population for eligibility for free and reduced lunches under federal guidelines in accordance with State Board regulations.

6.8 English Language Learners.

The School shall provide resources and support to English language learners to ensure that English language learners are given meaningful access to grade level content, acquire proficiency in English, and achieve grade level standards. The School shall follow the District's procedures for identifying, assessing, monitoring, and exiting English language learners.

6.9 Education of Students with Disabilities.

- A. The School recognizes and agrees that it is solely and exclusively responsible for providing services and accommodations to students who have a disability within the meaning of Section 504 and the ADA but are not eligible for special education and related services under the IDEA, and that nothing in this Contract shall be construed to require the District to provide services or accommodations to such students.
- B. School shall provide special education services to students eligible for special education services under the Individuals with Disabilities Education Act (IDEA) consistent with an enrolled student's IEP.
- C. Special education services at the School shall be commensurate with those provided at other District schools. If the School hires its own special education teacher(s) they will be subject to a review of licensing by District personnel.
- D. The cost for special education services provided by the District pursuant to this Section is described in the DCSD Purchased Services Agreement, negotiated between the School and District on a yearly basis. In addition to these costs, the School shall be responsible for providing and paying the cost of defense for any and all charges, complaints or investigations concerning special education by the Office for Civil Rights (OCR), the Colorado Department of Education (state complaints), the Department's Federal Complaints Officer, or IDEA due process proceedings and the District shall be available for assistance and consultation. The District and the School agree that enrollment at the School is a choice and as such students with disabilities are generally not eligible for transportation services.
- E. The School agrees to comply with all Board policies and regulations and the requirements of federal and state laws and regulations concerning the education of children with disabilities

and shall provide for the attendance of any School employees who should be present at any meetings at which IEPs are developed or modified. If the School and the District disagree as to the correct interpretation or application of a statute or regulation concerning the education of students with disabilities, the District's position shall control.

- F. The School shall use District special education forms and procedures and the School shall document on those forms compliance with the requirements of federal and state law, including procedural due process. The District shall respect the School's curriculum, instructional program, and mission in the development of IEPs for students enrolled in the School.

- H. The District or the School may identify from time-to-time changes to the educational program of the School that (a) are reasonably necessary to comply with applicable law for educating students with disabilities, or (b) provide cost savings or other benefits in connection with educating students with disabilities. After good faith discussion of these changes with the School, the District shall have the right to require such changes necessary to comply with law and shall have the right to request other changes on behalf of students with disabilities.
- I. Special education programs and services shall be available to each student as part of the regular school day in accordance with the least restrictive environment mandate of federal and state law.

6.10 Extracurricular and Interscholastic Activities.

Subject to the provisions of C.R.S. § 22-32-116.5 and this Contract, a student at the School who meets the prerequisites for participation may try out for extracurricular and interscholastic activities not offered at the School. The School or parents shall be responsible to make appropriate arrangements consistent with state law with the District schools of charter-enrolled students seeking to participate in activities not otherwise sponsored by the School. The student may try out at the school in the District designated by the District in accordance with the law and applicable Colorado High School Activities Association "CHSAA" rules. The School and the student shall comply with all applicable rules of CHSAA, the District and the school of participation; all eligibility requirements; and all responsibilities and standards of conduct, including related classroom and practice requirements. Where such participation requires payment of a fee, the student or the School shall be responsible for payment of the fee.

Neither the District nor the school is required to provide transportation of the School's students to other schools in the District to enable them to participate in extracurricular and athletic practices, rehearsals, and meetings, or to otherwise expand transportation provided for such activities and events. The School and/or parents of students enrolled in the School shall be responsible for transportation for such activities for all students of the School, including students with disabilities, as necessary for such participation. In the event the District provides transportation for an extracurricular group or athletic team to participate in a competition, students of the School shall be provided District transportation from the same departure and return points as provided to the other District student participants in the activity. Nothing herein shall be construed to require modification by either party of any calendar or schedules for extracurricular programs.

6.11 Collaboration with District.

- A. The School shall provide reasonable notice to the District before entering into any inter-governmental agreements with other government entities.
- B. The School may take part in cooperative purchasing discounts and/or promotions made available to other District schools through the District or by third-party contracting organizations.

SECTION SEVEN: FINANCIAL MATTERS

7.1 Revenues.

A. Funding.

1. The District shall provide funding to the School in an amount equal to 100% of the District's Per Pupil Revenue (PPR) as the same may be established from year to year, adjusted in accordance with the State Finance Act or other matters impacting the PPR for each District resident student enrolled in the School. So long as the School is not in material breach of this Contract, this funding will be made available to the School in twelve (12) monthly installments, commencing July of each fiscal year. Funds shall be disbursed within five (5) business days of being received by the District. In the event the School is not operating with students in attendance by October 1 of each fiscal year, payments to the School shall cease until such time as the School is officially in session with students in attendance. If the School fails to open during any school year, those funds paid to the School prior to October 1 shall be refunded by the School to the District. The term "enrolled" as used in this provision shall be deemed to mean enrolled as of the official counting dates or periods and in accordance with the School Finance Act of 1994, found at C.R.S. §§ 22-54-101 *et seq.* and the State Department of Education regulations. If the State Auditor disallows counting of some of the School's students, then its funding for a following school year will be reduced by the same amount.
2. In addition to the foregoing provisions, to the extent the District experiences any reduction in state equalization support by a legislative rescission or other action, proportionate reductions will be made to the School's funding by adjustment or set-off in subsequent months.
3. On or before March 15 of each year of the charter, the School and the District will begin negotiations concerning funding for the ensuing fiscal year in order that the amounts may be determined in conjunction with the District's and the School's budget development and adoption processes. In future fiscal years, it is agreed that the amount of funding provided to the School from the District shall not be less than that required by law or as may be agreed to by the Parties.
4. The School will be able to apply for federal and state grant funds under the same conditions as other District schools, including approval by the District's Grant Coordinator. If requested, the District will provide special education services in accordance with such fees, as may be agreed to between the Parties. Any state

reimbursement for transportation of special needs students by the District will be retained by the District.

5. The funding of that portion of the PPR paid by the District to the School shall be established based on the official student enrollment count for students enrolled in the School for each year as approved and/or accepted by the State Auditor reduced by an appropriate proportionate reduction in state equalization support as a result of legislative action, payable in 12 equal monthly payments. This amount shall not be increased or decreased due to any change in monthly enrollment during the year. Provided, however, the District reserves the right upon 30 calendar days prior written notice to the School to adjust the payments to be made to the School in the event of a substantial reduction in the School's monthly student count as may be determined by the District, in which event the pro-rata share of funds shall be retained by the District. In the event the District should, for any reason, lose the state funding allocated to any student who has withdrawn from the School, said funding shall be deducted from subsequent payments to the School.
6. The School must provide an address of record, the name of the contact person for fiscal matters and where funds are to be sent at least 30 calendar days in advance of when funds are to be made available.
7. The School will make no supplemental budget requests to the District to cover unanticipated expenditures or debts.

B. Bond and Mill Levy Funds.

1. Bond Issues. Pursuant to C.R.S. §22-30.5-404, the District shall have the sole determination of whether or not capital construction is includable in a Bond issue for the School. The District shall comply with all statutory requirements for making such determination.
2. Mill Levy. The District shall share mill levy funds with the School in accordance with applicable law and District policy.

7.2 Adjustment to Disbursements of Per Pupil Revenue.

- A. Adjustment to Funding. The District's disbursement of funds shall be adjusted as follows: In December or January funding will be adjusted factoring in the final October one day count and adjusted per pupil funding as determined by the Colorado Department of Education. 7.3 Budget.

On or before April 15 each year, the School shall submit to the District its proposed balanced budget for the following school year for District review for statutory compliance and compliance with the terms and conditions of this Contract. The budget shall be prepared in accordance with C.R.S. § 22-30.5-111.7(1)(a) and C.R.S. § 22-30.5-112(7) and the state-mandated chart of accounts. The budget as approved by the Charter Board and any subsequent approved revisions shall be submitted to the District along with the

Charter Board resolution approving the budget or budget revision. Proposed budgets that spend down reserves shall include a narrative addressing 1) why reserves are being spent 2) the duration of the reduction and 3) the date when the school will return to a balanced budget. A material violation of this Section may result in the District initiating remedies described in Section 2.2.1.

7.4 Enrollment Projections.

The School shall provide the District with its latest and best estimates of its anticipated enrollment at School for the next school year by March 15, along with any discussion or plans under consideration for any increase or decrease of enrollment greater than 5 percent (5%) of the official membership for the current school year. The Parties agree that the purpose of this Section is to provide information to allow the District to prepare its future budgets, and that any information provided under this Section shall not be used by the District for the purpose of funding or for restricting the School's enrollment or otherwise inhibiting the growth of the School.

The School will establish a TABOR Reserve account and ensure that balances are appropriate, in keeping with Colorado Constitutional requirements and consistent with state and District policies and law.

7.6 Contracting.

The School shall not extend the faith and credit of the District to any third person or entity. The School acknowledges and agrees that it has no authority to enter into a contract that would bind the District, and the School's authority to contract is limited by the same provisions of law that apply to the District. Unless otherwise agreed in writing by the District, each contract or legal relationship entered into by the School shall include the following provisions:

- A. The contractor acknowledges that the School is not an agent of the District, and accordingly contractor expressly releases the District from any and all liability under this agreement.

A draft of the results of the audit shall be provided to the District in written form by October 15 of each year. The School shall pay for the audit. The final audit shall be provided to the District on or before October 31. If, for causes within the School's control, the audit is not provided to the District by October 15 and October 31 of each year as outlined above, it shall be considered a material breach of contract, and the School shall have ten (10) business days, or such other time as the Parties may agree, to cure such breach. If the failure to provide the audit to the District by October 31 is due to causes beyond the School's control, the School shall nevertheless use its best efforts to provide the audit to the District at the earliest possible time. The School shall comply with all deadlines as set by CDE and the District. Any requests for extensions must be approved by the District.

7.8 Quarterly Reporting.

The School shall prepare quarterly financial reports for the District in compliance with C.R.S. § 22-45-102(l)(b) in substantially the same format as shown in **Attachment 11**, and as which may be changed from time to time, and post required reports pursuant to C.R.S. §§ 22-44-301 *et seq.* Quarterly reports shall be submitted to the District electronically by submission to the Choice Programming Office.

School may not enter into financial relationships with other charter schools who have retained the services of the School's education management provider.

7.11 District Loans.

Schools may not borrow funds from the District without approval from the District Board. TABOR reserves must be maintained throughout the fiscal year. To the extent permitted by law, the School shall indemnify and hold the District and its Board members, employees, and agents harmless from and against all damages, losses, and expenses arising out of or resulting from the School's failure to comply with PPACA and its related regulations. The School's indemnification obligation hereunder shall survive the termination of this Contract.

All School employees shall comply with applicable District staff conduct policies, including non-discrimination policies, unless expressly waived in writing pursuant to Section 4.5 of this Contract, and applicable state law, concerning staff conduct and staff conflicts of interest.

SECTION NINE: SERVICE CONTRACT WITH THE DISTRICT

9.1 Direct Costs.

The School and the District agree to negotiate payment to the District of the School’s share of the direct costs incurred by the District for charter schools pursuant to C.R.S. § 22-30.5-1 12(2)(b.5). Such negotiations shall be concluded by March 15 of the year preceding that to which the costs apply. Unless set forth in this Contract or a separate written agreement, such costs are reflected in the applicable DCSD Purchased Services Agreement as amended yearly. A copy of the DCSD Purchased Services Agreement for the 2022-23 School year is attached as **Attachment 12**. If the School and the District do not reach an agreement regarding the payment of direct costs prior to the end of a fiscal year, the District may withhold an amount equal to the total amount of direct costs incurred in the prior year until such an agreement is reached.

9.2 District Services.

Except as provided by applicable written agreement between the School and the District, or as may be required by law, the School shall be responsible for all costs associated with its school operations,

including the cost of contracting for goods and services. The DCSD Charter School Purchased Services Agreement providing for the District to provide services or support to the School shall be negotiated annually and subject to all terms and conditions of this Contract, except as may otherwise be agreed in writing. Such DCSD Charter School Services Agreement shall be finalized by March 30 of the fiscal year preceding that to which the purchased services apply, unless otherwise agreed to by both Parties.

SECTION TEN: FACILITIES

10.1 School Facility.

The School shall be responsible for the construction, renovation and maintenance of any facilities owned or leased by it for the operation of School. The School shall provide the District with a copy of the lease, deed, closing statement or other facility agreement granting the School the right to use the same within five (5) business days of closing, refinancing, or leasing. The School has or shall comply with C.R.S. § 22-32-124, and shall obtain all applicable use permits or certificates of occupancy necessary for the facilities owned or leased by it to be used and occupied as a school. The District shall have access at all reasonable times to any such facilities for purposes of inspecting the same and as provided in Section 2.1 above. If the School leases or owns other property, they will be fully responsible for that property.

10.2 Use of District Facilities.

The School may use District facilities in accordance with District policies KF and KF-R, Community Use of School Facilities.

10.3 Long-Range Facility Needs.

If the District considers the submittal of ballot issues to its voters regarding future tax increases for either bonded indebtedness or capital construction, it shall invite the School to participate in discussions regarding such possible ballot issues to also meet the long-range capital facility needs of the School.

10.4 Emergency Facility Closures.

During any period in which curriculum or program delivery systems are materially modified due to a disaster declaration, public health order, or other cause rendering ordinary use of the school facility impractical, the School shall provide appropriate services consistent with requirements of CDE or any other requirements of federal, state, or local law or regulation. The School shall provide the School District with timely notice of changes necessitated by such exigencies, identify any needed waivers of District policy or state statute, and provide other details of the plan for providing services and returning to ordinary operations. The School shall reasonably cooperate with the District in addressing any concerns the District may have with changes made or to be made by the School.

SECTION ELEVEN: CHARTER RENEWAL, REVOCATION AND SCHOOL-INITIATED CLOSURE

11.1 Renewal Timeline and Process.

The School shall submit its renewal application for renewal of the operations of School by no later than September 1 of the year prior to the year in which the School's Charter expires. At least fifteen (15) calendar days prior to the date on which the District Board will consider whether to renew the charter, District personnel shall provide to the District Board and School a written recommendation, including the reasons supporting the recommendation, concerning whether to renew the charter. The District Board shall rule by resolution on the renewal application no later than February 1 of the year in which the charter

expires, or by a mutually agreed upon date following a public hearing where the School shall have the opportunity to address the District Board about its renewal request. If the District Board decides to not renew the Contract, it shall detail the reasons in its resolution.

11.2 Renewal Application Contents.

In addition to contents required by law, the renewal application should include comments and additional information provided by the School about its progress toward meeting the District's accreditation indicators. The format of the renewal application shall be provided to the School by the District prior to July 1 of the year in which the application is due.

11.3 Criteria for Renewal or Non-Renewal and Revocation.

The District may terminate the Contract and revoke the charter for any of the grounds provided by state law, including C.R.S. § 22-30.5-110(3), as they exist now or may be amended or material breach of this Contract. Grounds for termination, revocation, or denial also include but are not limited to the following:

- A. Pursuant to C.R.S. § 22-11-210(1)(d), the School is accredited with a priority improvement plan or turnaround plan for a combined total of five (5) consecutive years or any lesser number of years established by the State Board after which closure or restructuring is required.

- C. The District shall comply with all guidelines found in C.R.S. § 22-30.5-110 and any other relevant provisions regarding renewal, non-renewal, and revocation.

11.4 Termination and Appeal Procedures.

The District shall provide the School written notice of the grounds for termination and the date of the termination hearing before the District Board. Prior to providing this notice, the District shall, to the extent practicable, send the School a notice of concern and a notice of breach, the content of which are described in Section 2.2.I (1). Termination shall not take effect until the School has exhausted its opportunity to appeal such decision to the State Board. The District may impose other appropriate remedies (see Section 2.2.I) for breach.

11.5 School-Initiated Closure.

Should the School choose to terminate this Contract before the end of the Contract term, it may do so in consultation with the District at the close of any school year and upon written notice to the District given at least ninety (90) days before the end of the school year. Notice would ideally be given by January 1 to allow families to take advantage of District choice enrollment dates.

11.6 Dissolution.

In the event the School should cease operations for whatever reason, including the non-renewal or revocation of this Contract, the School agrees to continue to operate its educational program until the end of the school year or another mutually agreed upon date. The District shall supervise and have authority to conduct the winding up of the business and affairs for the School; provided, however, that in doing so, the District does not assume any liability incurred by the School beyond the funds allocated to

it by the District under this Contract. Should the School cease operations for whatever reason, the District maintains the right to continue the School's operations as a District facility until the end of the school year. The District's authority hereunder shall include, but not be limited to, 1) the return and/or disposition of any assets acquired by purchase or donation by the School during the time of its existence, subject to the limitations of Section 11.7 below and 2) reassignment of students to different schools. School personnel and the Charter Board shall cooperate fully with the winding up of the affairs of the School including convening meetings with parents at the District's request and counseling with students to facilitate appropriate reassignment.

11.7 Return of Property.

In the event of termination or dissolution, all property owned by the School that was purchased in whole or in part with funding provided by the District, including, but not limited to, real property, shall be returned to and shall remain the property of the District. Notwithstanding the above, the District shall not have the right to retain property leased by the School, unless the District chooses to comply with the terms of that lease. All non-consumable grants, gifts and donations or assets purchased from these revenue sources shall be considered the property of the School unless otherwise identified by the donor in writing. Assets purchased exclusively with tuition paid by parents for a preschool program operated by or in conjunction with the School shall not be subject to this paragraph. Assets not purchased with public funding provided by the District may be donated to another mutually agreeable not-for-profit organization.

SECTION TWELVE: GENERAL PROVISIONS

12.1 Order of Precedence.

In the event of any conflict among the organic documents and practices defining this relationship, it is agreed that this Contract shall take precedence over policies of either Party and the Application; applicable policies of the District Board that have not been waived shall take precedence over policies and practices of the School and the Application; and policies of the School and mutually-acceptable practices developed during the term of the charter contract shall take precedence over the Application.

Either party may revoke this Contract if a material provision is declared unlawful or unenforceable by any court of competent jurisdiction or the Parties do not successfully negotiate a replacement provision. It is the express intent of the Parties to this Contract that any person receiving services or benefits hereunder shall be deemed an incidental beneficiary only.

ATTACHMENT 4: EDUCATION MANAGEMENT PROVIDER (EMP) AGREEMENT REQUIREMENTS

1. The maximum term of an EMP agreement must not exceed the term of the charter. The School shall have the right to terminate the EMP agreement without cause or a financial penalty. The fee provision of the EMP agreement shall be renegotiated on an annual basis and shall not automatically adjust.
2. EMP agreements must be negotiated at 'arms-length.' The School's board and EMP must have independent legal counsel to represent their interests in reaching a mutually acceptable management agreement.
3. No provision of the EMP agreement shall interfere with the charter board's duty to exercise its statutory, contractual and fiduciary responsibilities governing the operation of the School. No provision of the EMP agreement shall prohibit the charter board from acting as an independent, self-governing public body, or allow decisions to be made other than in compliance with the Colorado Sunshine Law.
4. An EMP agreement shall not restrict the charter board from waiving its governmental immunity or require a charter board to assert, waive or not waive its governmental immunity.
5. No provision of an EMP agreement shall alter the charter board's treasurer's legal obligation to direct that the deposit of all funds received by the School be placed in the School's account.
6. EMP agreements must contain at least one of the following methods for paying fees or expenses: 1) the charter board may pay or reimburse the EMP for approved fees or expenses upon properly presented documentation and approval by the charter board; or 2) the charter board may advance funds to the EMP for the fees or expenses associated with the School's operation provided that documentation for the fees and expenses are provided for charter board ratification.
7. EMP agreements shall provide that the financial, educational and student records pertaining to the School are School property and that such records are subject to the provisions of the Colorado Open Records Act. All School records shall be physically or electronically available, upon request, at the School's physical facilities. Except as permitted under the charter contract and applicable law, no EMP agreement shall restrict the District's access to the School's records.
8. EMP agreements must contain a provision that all finance and other records of the EMP related to the School will be made available to the School's independent auditor.
9. The EMP agreement must not permit the EMP to select and retain the independent auditor for the School.
10. If an EMP purchases equipment, materials and supplies on behalf of or as the agent of the School, the EMP agreement shall provide that such equipment, materials and supplies shall be and remain the property of the School.
11. EMP agreements shall contain a provision that if the EMP procures equipment, materials and supplies at the request of or on behalf of the School, the EMP shall comply with competitive bidding processes and shall not include any added fees or charges with the cost of equipment, materials and supplies purchased from third parties.

12. EMP agreements must contain a provision that clearly allocates the respective proprietary rights of the charter board and the EMP to curriculum or educational materials. At a minimum, EMP agreements shall provide that the School owns all proprietary rights to curriculum or educational materials that (i) are both directly developed and paid for by the School; or (ii) were developed by the EMP at the direction of the School's governing board with School funds dedicated for the specific purpose of developing such curriculum or materials. EMP agreements may also include a provision that restricts the School's proprietary rights over curriculum or educational materials that are developed by the EMP from funds from the School or that are not otherwise dedicated for the specific purpose of developing School curriculum or educational materials. All EMP agreements shall recognize that the EMP's educational materials and teaching techniques used by the School are subject to state disclosure laws and the Open Records Act.

13. EMP agreements involving employees must be clear about which persons or positions are employees of the EMP, and which persons or positions are employees of the School. The EMP agreement shall prohibit the EMP from leasing employees to the School and shall prohibit co-employment of School and EMP employees.

14. EMP agreements must contain insurance and indemnification provisions outlining the coverage the EMP will obtain. The EMP's insurance is separate from and in addition to the insurance for the charter board that is required according to the charter contract. Insurance coverage must take into account whether or not staff at the School are employees of the EMP or the School.

15. Marketing and development costs paid by or charged to the School shall be limited to those costs specific to the School program, and shall not include any costs for the marketing and development of the EMP. Other reimbursable costs of EMP charged to the School, including, but not limited to, overhead, corporate, and travel costs, shall be defined with reference to specific dollar amounts.

16. If the School intends to enter into a lease, execute promissory notes or other negotiable instruments, or enter into a lease-purchase agreement or other financing relationships with the EMP, then such agreements must be separately documented and not be a part of or incorporated into the EMP agreement. Such agreements must be consistent with the School's authority to terminate the EMP agreement and continue operation of the School.

17. The EMP agreement shall provide for the annual performance evaluation of the EMP in accordance with School policy. The EMP performance evaluation shall be subject to state disclosure laws, including, but not limited to, the Open Records Act.

Non-Automatic Waivers: Statute Description and Rationale and Replacement Plan
C.R.S. § 22-9-106 Local Board of Education-Duties-Performance Evaluation System; C.R.S. § 22-2-112(1)(q)(l) Commissioner-Duties
Rationale: American Academy's (AA) Executive Director or designee must have the ability to perform the evaluation of all personnel. Should any other designated administrator not have a Principal Licensure, this should not preclude him or her from administering the evaluations under the direction of the Executive Director. The Board of Directors must also be able to perform the evaluation for the Executive Director. Additionally, AA should not be required to report its teacher

evaluation ratings as a part of the commissioner's report as required by C.R.S. § 22-2-112(1)(q)(l).

Replacement Plan: AA will use its own evaluation system as stated in the charter contract with Douglas County School District (DCSD), which is differentiated by the kind of staff employed (e.g., classified, certified, admin, etc.). AA's evaluation system will continue to meet the intent of the law as outlined in statute. Staff will be annually trained in this evaluation system. The methods used for the school's evaluation system will include quality standards that are clear and relevant to the administrators' and teachers' roles and responsibilities, be based on research-based practices guiding the science of reading, have the goal of improving student academic growth, and meet the intent of the quality standards established in C.R.S. §§ 22-9-101, *et seq.* The school will not be required to report its teacher evaluation data through applicable state collections; however, teacher performance ratings data will be reviewed by the school and used to inform hiring practices and professional development. Core course level participation will continue to be reported pursuant to C.R.S. § 22-11-503.5, as this is a non-waivable statute.

Duration of Waiver:

AA requests the waiver be in effect for the duration of its charter contract.

Financial Impact: AA anticipates no financial impact.

How the Impact of the Waivers Will be Evaluated: Since teacher performance has a critical impact on the performance of the entire school, the impact of this waiver will be measured by the same performance criteria and assessments that apply to the school, as set forth in the charter contract. The Board of Directors of the school and Executive Director will annually evaluate the effectiveness of their evaluation system and make adjustments as they may deem appropriate.

Expected Outcome: If granted, the waiver will enable the school to implement its program and evaluate its teachers in accordance with its evaluation system, which is designed to produce greater accountability and be consistent with the school's goals and objectives. This will benefit staff members as well as students and the community.

Non-Automatic Waivers: Statute Description and Rationale and Replacement Plan

C.R.S § 22-7-1014(2)(a) Preschool Individualized Readiness Plans – School Readiness – Assessments

Rationale: AA is a data driven school that is constantly evaluating and assessing students' academic readiness at each grade level, character development, and physical well-being in order to ensure student success. AA already has strong programs, supports, and testing in place that help AA assess students' physical well-being, social-emotional development, language and comprehension development, cognition, and knowledge.

<p>Replacement Plan: Every kindergarten student at AA will be administered a school readiness assessment within the first 60 calendar days of the school year. The assessment instruments used are research based, reliable and valid. Methods and assessments used are clear and relevant and have the goal of improving student academic growth and meet the intent of the quality standards established in CRS 22-7-1014(2)(a). The data collected from these assessments will be used to develop an individualized readiness plan for each kindergarten student and will inform programming accordingly. This school readiness data will not be used to deny admission to first grade. The data collected will be made readily available to appropriate bodies and reported, as required by state law.</p>
<p>Duration of Waiver: AA requests the waiver be in effect for the duration of its charter contract.</p>
<p>Financial Impact: The school anticipates that the requested waivers will have no financial impact on CSI or the school.</p>
<p>How the Impact of the Waivers Will be Evaluated: The impact of this waiver will be measured by the performance criteria and assessments that apply to AA.</p>
<p>Expected Outcome: As a result of this waiver, the school will be able to implement the necessary policies to increase student achievement within existing structures.</p>
<p>Expected Outcome: If granted, the waiver will enable the school to implement its program and evaluate its teachers in accordance with its Performance Appraisal System, which is designed to produce greater accountability and be consistent with the school's goals and objectives. This will benefit staff members as well as students and the community.</p>

Non-Automatic Waivers: Statute Description and Rationale and Replacement Plan
<p>C.R.S. § 22-32-109(1)(n)(I) Board of Education-Specific Duties School Calendar C.R.S. § 22-32-109(1)(n)(II)(B) Board of Education-Specific Duties Adoption of District Calendar C.R.S. § 22-32-109(1)(n)(II)(A) Board of Education – Teacher Pupil Contact Hours</p>
<p>Rationale: Currently, American Academy exceeds the current contact hour requirement in state statute. The school will always meet at least the minimum required time as detailed in state law.</p>
<p>Replacement Plan: AA will prescribe the actual details of its own school calendar to best meet the needs of its students. As such, the school will have a calendar that may differ from the rest of the schools within the geographic district. The final calendar and the school's daily schedule will be designed by the School's Board of Directors and will meet or exceed the requirements in state statute.</p>
<p>Duration of Waiver: AA requests the waiver be in effect for the duration of its charter contract.</p>
<p>Financial Impact: AA anticipates that the requested waivers will have no financial impact on DCSD or the school.</p>
<p>How the Impact of the Waivers Will be Evaluated: The impact of this waiver will be measured by the same performance criteria and assessments that apply to the school, as set forth in the charter contract.</p>

Expected Outcome: As a result of this waiver, the school will be able to operate in accordance with its own schedule, designed to meet the needs of its community and educational program, which is vital to the success of its program.

Non-Automatic Waivers: Statute Description and Rationale and Replacement Plan

C.R.S. § 22-32-109(1)(b) Local Board Duties Concerning Competitive Bidding

C.R.S. § 22-32-110(1)(y) Local Board Powers-Accepting Gifts, Donations, and Grants

Rationale: In order to manage its own budget and finances, AA must be granted the authority to develop its own financial policies and practices.

Replacement Plan: AA, rather than DCSD, will be responsible for determining whether or not to accept gifts, donations, and grants. AA will ensure the process is an open process in compliance with all applicable rules and regulations.

Additionally, AA, rather than DCSD, is in the best position to know what goods and services are needed and which vendors and providers may be available. AA will be responsible for establishing procedures for competitive bidding, as required by applicable law, and for selecting successful bidders on projects/contracts. AA will ensure the process is open, transparent, and in compliance with all applicable rules and regulations.

Duration of Waiver:

AA requests the waiver be in effect for the duration of its charter contract.

Financial Impact: AA anticipates that the requested waivers will have no financial impact on DCSD or the school.

How the Impact of the Waivers Will be Evaluated: The impact of this waiver will be measured by the same performance criteria and assessments that apply to the school, as set forth in the charter contract.

Expected Outcome: The school expects that, as a result of this waiver, it will be able to manage its own financial affairs.

Non-Automatic Waivers: Statute Description and Rationale and Replacement Plan

C.R.S. § 22-63-201 Employment Certificate Required

Rationale: AA must be granted the authority to hire teachers and principals that will support the school's goals and objectives. The Executive Director will not function as a traditional District school principal, but rather will be responsible for a wider range of tasks and act as the school's chief executive officer.

Replacement Plan: AA will seek to attract principals, teachers, and staff from a wide variety of backgrounds, including, but not limited to teachers from out-of-state, teachers with a lapsed Colorado certificate, persons with several years of successful teaching experience in a setting not requiring a license, as well as persons with business or professional experience. All employees of the school will be employed on an at-will basis. All employees of the school will meet applicable fingerprinting and background check requirements. In addition, all school employees tasked with school instruction will be deemed qualified by certification, training, or experience to teach in the subject area for which they are employed to include, as much as practicable, the guidelines set forth in the Colorado state ESSA plan, specifically (1) endorsement on a Colorado teaching license; (2) holding at least a BA or higher in the relevant subject area; (3) completing 36 semester credit hours in the subject matter in which s/he teaches; or (4) passing a State Board approved content exam in the relevant subject area.

Special Education Teachers will hold the requisite state license and endorsement. AA will comply with all other state reporting requirements that are not implicated by this waiver.

Duration of Waiver:

AA requests the waiver be in effect for the duration of its charter contract.

Financial Impact: The school anticipates that the requested waivers will have no financial impact on DCSD or AA.

How the Impact of the Waivers Will be Evaluated: The impact of this waiver will be measured by the same performance criteria and assessments that apply to the school, as set forth in the charter agreement.

Expected Outcome: As a result of this waiver, AA will be able to operate in accordance with its own program and hire teachers that best fit the school's design, which is vital to the success of its program.

Non-Automatic Waivers: Statute Description and Rationale and Replacement Plan

C.R.S. § 22-63-202 Teacher Employment, Contracts in Writing-Duration-Damage Provision

C.R.S. § 22-63-203 Probationary Teachers-Renewal and Non-renewal of Employment Contract

C.R.S. § 22-63-203.5 Nonprobationary Portability

C.R.S. § 22-63-205 Exchange of Teachers - Exchange Educator Interim Authorization

C.R.S. § 22-63-206 Transfer of Teachers

Rationale: In order to manage its own personnel, AA must be granted the authority to select its own teaching staff, develop its own employment agreements and terms and conditions of employment. The school will be operating differently from other schools with a unique curriculum for which having the proper teaching staff is essential. No other school should have

the authority to transfer its teachers into AA, or vice-versa. DCSD, AA, and every other charter school are each separate employers.

Replacement Plan: All employees of AA will be employed on an at-will basis. AA has written teacher agreements incorporating the terms of non-renewal and renewal of employment agreements, and payment of salaries upon termination of employment of a teacher. As a result of these waivers, the school will be able to employ professional staff possessing unique skills and/or background, filling all staff needs. AA will hire teachers on a best-qualified basis. However, to the extent that teachers are transferred to other positions or grades within the school, there shall be no discrimination shown toward any teacher in the assignment or transfer of that teacher because of sex, sexual orientation, marital status, race, creed, color, religion, national origin, ancestry, or membership or non-membership in any group or organization. Race includes hair texture, hair type, or a protective hairstyle that is commonly or historically associated with race. AA will determine, using the AA performance evaluation system and at-will basis of employment, whether adequate progress towards the goals and objectives of an individual's position has been met and whether an employment contract will be renewed.

Duration of Waiver:

AA requests the waiver be in effect for the duration of its charter contract.

Financial Impact: The school anticipates that the requested waivers will have no financial impact on DCSD or AA.

How the Impact of the Waivers Will be Evaluated: The impact of this waiver will be measured by the same performance criteria and assessments that apply to the school, as set forth in the charter agreement.

Expected Outcome: AA expects that, as a result of this waiver, it will be able to manage its own personnel matters.

DCSD Charter School Automatic Waiver Requests

Automatic district waivers still require a developed plan, process, or policy on record. DCSD has streamlined this process with its "Automatic Waiver Request Template" document. This document allows charter schools to reference their replacement policy using existing material (e.g., Staff or Student Handbook, Application, Policy Handbook, etc.). This process is not intended to be exhaustive, rather it aims to help protect the autonomy of the charter school.

ATTACHMENT 8: WAIVERS OF DISTRICT POLICIES

To the extent additional waivers are granted or waivers are otherwise amended.

ATTACHMENT 9: SCHOOL'S ENROLLMENT PROCEDURES

AMERICAN ACADEMY
EDUCATE | INNOVATE | EXPLORE

Enrollment Policy

This policy was modified and approved by the American Academy Board of Directors on August 16, 2022.

Purpose

The purpose of this policy is to outline the enrollment process for grades KindiePrep (Pre-K) through eight at all American Academy campuses.

Method of Enrollment

Parents request enrollment of their child(ren) to the school by adding their child(ren) to the American Academy Online Waitlist prior to or during the school's open enrollment period. Adding a child(ren) to the Online Waitlist in no way guarantees that the child(ren) will be extended an Invitation to Enroll.

Open, Non-Discrimination Policy

American Academy welcomes all students and families who choose to become part of its school irrespective of ability (academic, language, physical or otherwise), race, national origin, sexual orientation, religion, or socioeconomic status.

Online Waitlist Entry Deadlines

Online Waitlist entries which specify the upcoming school year as the year of entry AND are submitted prior to 11:59 PM (MST) of the day prior to the lottery date will be included in the lottery for the upcoming school year. Online Waitlist entries that specify the upcoming school year as the year of entry submitted on the lottery date or later will be added to the end of the lottery list on a first-come first-served basis.

To ensure the school's waitlist database is current and offers of enrollment can be extended by school staff in an efficient manner, families must reapply each year they wish to be included in the lottery. Families that applied in a prior year will be removed from the waitlist for future lotteries.

Priority for Enrollment

Priority for enrollment is given to the following classes of students, prior to the lottery in the following order of priority:

- 1) Currently enrolled students in grades PK-8 who intend to return the next consecutive school year,
- 2) Children, legal dependents and grandchildren of Founders of American Academy (as defined in the Founder Definition section of this document),
- 3) Children, legal dependents, and grandchildren of current and former Directors of the Board of American Academy,
- 4) Children, legal dependents and grandchildren of current employees of American Academy to include contractors working full-time onsite for at least one school year,
- 5) Siblings of currently enrolled KindiePrep-8 students at American Academy,
- 6) Students included in the general lottery who reside within the Douglas County School District,
- 7) Students included in the general lottery who reside outside of the Douglas County School District.

Information for categories 1-5 above will be requested each year through a method of the administrations' choosing. Once qualification for the category is determined, students will be considered on a first-come, first-served basis, based on the order in which responses to the request for information are received.

General Lottery

All students not included in priority classes 1 through 6 above, and who have submitted an Online Waitlist entry before or during open enrollment will be selected by lottery.

Lottery Process

The lottery process for the upcoming school year shall commence on the first school day occurring on or after December 5th. All students for whom an Online Waitlist entry was submitted prior to the end of the open enrollment period and who are eligible for enrollment will be assigned a unique number and placed on a list (by number). The list is sorted using computer-generated, randomized numbers. Each entry is assigned a Lottery ID from 1 to n depending on where they landed in the sort. Out of district students will have 10,000 added to their lottery number to ensure that in-district students have higher priority. The Lottery ID will be utilized for the upcoming academic year only. Enrollment invitations will be extended to students in order of their assigned Lottery ID (lowest to highest) in each grade that has openings. To ensure authenticity and integrity of the lottery process, the randomization of computer-generated Lottery ID assignments will be overseen by no less than three Directors of the Board. The final sort will be printed and signed by all witnesses.

KindiePrep Enrollment

Openings in KindiePrep will be included in the School's lottery and will be filled in accordance with this Enrollment Policy.

Kindergarten Enrollment

Kindergarten openings will be filled in accordance with the "Priority of Enrollment" section of this policy. The rules and deadlines for acceptance outlined in the Enrollment Acceptance section of this policy apply in order to secure enrollment. If a KindiePrep student does not complete the school year, their spot in AA's Kindergarten Program is forfeited.

Enrollment Acceptance

Upon receiving an Invitation to Enroll via ~~telephone and/or~~ email, the parent(s) or legal guardian(s) of the child(ren) shall provide written ~~or verbal acceptance~~ to the appropriate school contact no later than twenty-four hours after the enrollment invitation was communicated. Parent(s) or legal guardian(s) must also provide, via ~~telephone or~~ email, an indication of which campus location they prefer to enroll their child(ren). Once location preferences have been stated, there is no guarantee that American Academy will be able to honor requests to switch children to a different campus. Therefore, a child's enrollment may be forfeited should the parent(s) or legal guardian(s) of the child(ren) decline enrollment at the campus to which they have been invited to enroll. Registration forms shall be completed in their entirety and submitted, along with all required supporting documentation (for example, birth certificates, proof of residency, etc), to the school within seven calendar days of providing ~~verbal or~~ written acceptance. If no ~~verbal or~~ written Enrollment Acceptance is received by the school within twenty-four hours from the time any child was extended an invitation to enroll, or registration forms and documentation are not submitted to the school within the time allowed, the school will assume the parent(s) or legal guardian(s) of the child(ren) have declined to enroll the child(ren) in the school, and the school may then extend an invitation to enroll to another child. A student who accepts enrollment will be deemed a currently enrolled student, and that student's enrollment will continue beyond the current academic year, in accordance with the school's policies and procedures.

Campus Transfers

Campus transfer requests will be considered on a case-by-case basis, subject to available space and approval of a principal at both campuses. As space is available, approved transfers will be executed in the order the requests were received.

Students who complete the KindiePrep program at any campus and who are to be enrolled in Kindergarten at the school the following year, in accordance with this policy, will be able to indicate their campus preference for Kindergarten in the annual Intent to Return survey.

Vacancies

When a vacancy is created prior to, during, or after the school year, the vacancy may or may not be filled, at the discretion of the school's Executive Director of Schools. If the school chooses to fill the vacancy, priority will be given as specified in the Priority for Enrollment section of this document. An invitation to enroll will be extended to a child in the manner described in the Invitation to Enroll section of this document. A student who fills a vacancy shall be deemed a currently enrolled student, and that student's enrollment shall continue beyond the current academic year, in accordance with the school's policies and procedures.

DCSD Open Enrollment Policy

By providing written Enrollment Acceptance to the school, the child(ren) will forfeit enrollment in their neighborhood school, as defined by DCSD open enrollment policies. Please see the DCSD website for details regarding their open enrollment policies.

Principals must communicate about the move as well as fill out the administrative transfer paperwork.

State Testing

The District provides required accommodations training for state assessments and training to administer and process state assessments. Training opportunities are also provided to use the district-approved assessment management system for analyses of state assessment results. The basic cost for assessment services includes accommodation, administration, and processing trainings. Additionally, access to use the district-approved assessment management system and training opportunities to use this tool are included in the base cost. The District does not provide stipends for Charter staff for implementing required testing.

In preparation for state testing, each charter school should review the latest online testing hardware and software requirements from CDE. Schools need to have an adequate number of devices that meet these requirements in order to give the online test(s) during the 3-week testing window. (Note: Student owned devices cannot be used

for state testing.)

Schools have the option to request a Memorandum of Agreement (MOA) to allow them to use paper-based testing for all state mandated assessments. This MOA will outline the expectations from the school in managing paper based assessments. Cost associated with this will be TBD at the time the MOA is created.

Early Literacy (READ Act) Assessment and Data Submissions

All district schools are expected to comply with the requirements of the READ Act, including state data collections and submissions. The READ Act compliance cost is part of the Charter School Staff cost; however Charter schools are responsible for the actual cost of the READ Act assessment.

The District purchases licenses for i-Ready® for both reading and math. (The i-Ready® reading assessment is an approved READ Act assessment.) Charter schools may choose to purchase licenses for i-Ready at the district rate of \$5.80 per student per subject (\$11.60 per student for both reading and math) or they may elect to purchase licenses for another approved READ act assessment directly from the vendor. Each charter school that chooses to purchase another READ approved assessment would be responsible for submitting data for state reporting in the correct format by the submission deadline. (Refer to the [Optional District Supported Assessments List Below](#). This list was recently updated based upon the READ Act Assessment Review. is also currently under assessment revisions. The ELAT assessment for 2023-2024 has not yet been determined. More information will be sent out as it becomes available.)

- [READ Data Collection for Per Pupil Funding](#)
- [READ Budget Submission](#)
- [READ K-3 Literacy Program Reporting](#)
- [READ K-3 Evidence-Based Teacher Training Requirements](#)

School Readiness Assessment

Licenses are purchased for Teaching Strategies GOLD, an approved assessment for school readiness. Charter schools with documented waivers from School Readiness Assessment (C.R.S. 22-7-1014(2)(a)) for administering this assessment will not be

charged for these licenses. (See 22-23 2023 - 2024 [Purchase Services Agreement Pricing Table](#))

Assessments of Multilingual Learners are federally mandated and include the WIDA Screener (grades K-12)(used to determine student eligibility for English language development programming as defined by federal and state statute), and WIDA-ACCESS 2.0 (the required annual English proficiency assessment for NEP and LEP students.

Gifted & Talented Universal Screening

The District uses the Cognitive Abilities Test (CogAT) as a universal screen in second grade and in the transition year to middle school (5th or 6th grade). The results of this assessment are used to help determine appropriate programming and services for all students in those grades. No per-pupil charge is assessed to the Charters for the CogAT assessment, processing, or scoring when conducted using the district's process and protocols during the district-established CogAT Universal Screening window. Charters may also choose to utilize the CogAT outside of the universal screening years as outlined in the Optional Services Section of this agreement.

Unified Improvement Plan

The Learning Services Department and School Leadership Department, in collaboration with the Office of Choice Programming, communicates with all charter schools regarding the Unified Improvement Planning (UIP) process and any yearly changes to the process that are mandated by the state. The Office of Choice Programming, School Leadership team and Assessment and System Performance Office provide support and consultation at a universal level to all charter schools inclusive of information and guidance with the Colorado Department of Education's Online UIP System, district-approved assessment management system and SchoolView. The District facilitates review and approval of charter unified improvement plans by the Office of Choice Programming and School Leadership support staff. District staff also facilitate approval of the plans by the Board of Education if required in the case of any charter schools with a plan type of Priority Improvement or Turnaround.

In the case of charter schools with a plan type of Priority Improvement or Turnaround, more intensive targeted support is provided, including one-on-one meetings and UIP/data training with charter school staff; targeted communications with CDE staff regarding plan requirements and recommended revisions; and coordination of CDE resources. The Douglas County School District submits all UIPs regardless of plan type to CDE via their online system and for schools on Priority Improvement or Turnaround conducts continuous reviews and progress checks regarding their UIP implementation.

Treasurer Fees

The County charges the District a fee for collection of property taxes. Since the District passes the charter schools 100% of PPR, these fees will be charged to the Charter school on a per student basis.

Election Fees

In the event the District seeks additional funding through a Mill Levy Override or Bond the District pays fees for the inclusion of the measure in County elections. Since we pass on 100% of the Mill Levy Override received on a PPR basis, the charter schools will be charged their part of these fees on a PPR basis.

Foote Youth Service Center

The center serves the 18th Judicial District to provide secure detention for youth 10-17. Cherry Creek school district provides licensed staff for youth in the facility. The cost of the facility is billed to school districts in the 18th Judicial district including Douglas County School District. A portion of these fees are charged to the Charter school on a per student basis.

Student Support Services

English Language Development

This is a compliance model with limited services. Charter schools are 100% responsible for all legal and settlement costs for any English Language Development (ELD) litigation or claims. For more information please refer to the [English Language Development Compliance plan update](#)

Charter schools will:

- Communicate with parents/families in the parents'/family's preferred language, and provide interpretation and translation services for families in need of such service regardless of the student's English proficiency (see the [US Department of Education Fact Sheet](#)).
- Ensure charter school ELD teachers participate in all required ELD training (typically named "essentials" or Think Tanks). Additionally, charter schools have access to ELD training regarding the following: ELD programming and services, related services, assessments, identification of potential MLs, eligibility for ML services, and access to language learning in the general education setting.

- Ensure every NEP, LEP, and Year 1/Year 2 Monitor student receives direct and consistent ELD instruction by a certified and endorsed ELD teacher.
- Ensure adequate ELD staffing allocations to directly and consistently serve every NEP, LEP, and Year 1/Year 2 Monitor student. Recommended staffing ratio is 1 certified and CLD endorsed ELD teacher for every 30 students. If recommended staffing ratio is not in place, charter school leadership will provide a justification of the ELD program, including successful student outcomes according to CDE's English proficiency trajectory, in the school compliance plan.
- Have access to the Language, Culture, & Equity leadership, and/or LCE Coordinator, and/or ELD Team Lead, and/or ELD Charter Lead for consultation regarding compliance with federal and state laws and district procedural guidelines.
- Have Access to Title Funded testing and instructional materials unique to English Language Development programming services through the District Library Media Center.
- Utilize the DCSD Multilingual Learner Plan platform.

Gifted Education

This is a compliance model, with access to certain gifted education services necessary to identify, plan for, and serve gifted learners. Charter schools are responsible for all legal costs for any litigation involving gifted education, and they are responsible for settlement costs incurred as a result of such litigation. For more information please refer to the [Gifted Education Compliance plan](#).

Charter schools will:

- Have access to the gifted education coordinator, and/or team lead, and/or Charter Lead for consultation regarding compliance with federal and state laws and district procedural guidelines.
- Have access to formal and informal training on gifted services, related services, assessments, and identification/eligibility supporting the identified gifted learners' access to the unique curriculum of the charter school.

Special Education Services

This is a compliance model, with access to certain special education itinerant teams necessary to support students at charter schools. Charter schools are responsible for all legal costs for any special education litigation, and they are responsible for settlement costs incurred as a result of special education litigation. For more

information please refer to the [Special Education Compliance plan](#).

Teams are able to provide the following services:

- Direct Services: The specialized service professional provides face-to-face interaction between the student/child and therapist. This may be delivered individually, in a small or large group or with another team member (such as co-treating). Direct services will be provided, when appropriate, for students that attend a campus within the boundaries of the Douglas County School District.
- Consult Services: Consultation is often considered the deliberation and exchange of recommendations among professionals for the purpose of generating ideas, nuancing programs, crisis management, and discussing professional resources and opinions.
- Coaching: coaching is a short term (up to 4 weeks) partnership between the charter school staff and an expert that is focused on improving teacher/student outcomes, giving feedback regarding student learning, designing and implementing student based interventions and collecting data. Sometimes this can be done virtually.

All teams have an evaluation component to their work. When evaluation of a student is necessary, the teams will collaborate with the charter school team to complete.

Teams that provide direct and consultative services are:

- Vision
- Deaf/Hard of Hearing

Teams that provide consultative services and limited coaching

- SWAAAC
- Behavior Team
- Autism Team
- SWAP (School to Work Alliance Program)

Charter schools will be responsible for:

- Obtain/purchase their own assessment materials used for special education evaluation. If a district owned assessment kit is checked out from the district District Library Media Center , the charter school will be charged a \$15 fee for each consumable testing protocol used.
- Ensure charter school special education staff participate in all required special education training (typically named “essentials”).

- Have access to second level vision and hearing screening follow-up services for students.
- When it has been determined with consultation from the SWAAAC, Vision or Audiology team that equipment or software is necessary:

Trial: Equipment may be checked out for up to 2 months for trial use by a charter school, subject to availability. Data will be collected to determine efficacy of the accommodation/equipment/software to determine if it is required for the student to access their general education curriculum. If it is determined that the equipment or software is required, the charter school must purchase the equipment/software.

- Hire school-based staff and purchase equipment required to comply with student IEPs.
- When hiring a school social worker they will have a minimum of a masters degree and hold the CDE special service provider license.
- When hiring a school psychologist they will have a minimum of a specialist degree and hold the CDE special service provider license.
- When taking on a school social worker or school psychologist intern they will be supervised by a school social worker or school psychologist that meets the minimum education requirements and holds the CDE special service provider license.

Section 504

This is a compliance only model. Charter schools are responsible for all legal and settlement costs for any Section 504/OCR litigation or claims. For more information please refer to the [504 Services Compliance plan](#).

Health Services

Each charter school will hire a bachelor's prepared registered nurse who holds a CDE special service provider license. This registered nurse must be available for consultation during all school hours and for before or after school activities. When the charter school nurse is not present at the charter school, the charter school must have designated staff available on-site, who have been trained in general health conditions

and medication administration. These designated staff will deliver health related care to students under the direction of the charter school nurse. [Health Services Compliance plan](#) must be completed yearly.

The DCSD Coordinator of Nursing Services may meet with the charter school nurse upon request to help orient him or her to the National Association of School Nurses practices, including knowledge of the nurse delegatory clause of the Colorado Nurse Practice Act and knowledge of district policies regarding health care services. Charter school nurses are invited to attend school district sponsored monthly informational nurse meetings and school district sponsored bi-annual training sessions that are provided to all school health persons.

Mental Health

Charter schools will:

- Have Support from the district crisis team in the event of a charter school student or staff member traumatic event. The charter school will follow crisis team processes for communication and support for the school community during and following the crisis event.
- Have access to on-site preparedness training from the district crisis team in advance of any potential traumatic event. Have access to preparedness training, PrePare 3, on the process for a school level response to a death of a student or staff member or other traumatic event directly impacting students, staff or the school community. The charge from NASP is \$55 per participant for online materials. The charter schools need to pay the \$55 dollar fee per participant for access to the online materials.
- Ensure charter school administrators (minimum 1 per school (Two is recommended) and all charter school mental health (counselors, social workers, and psychologists) providers attend required district threat assessment training, offered free of charge. Staff need to first take the Initial Threat Assessment Training and then the Refresher Threat Assessment Training every 3 years.
- Ensure that all charter school mental health providers (counselors, social workers, and psychologists) attend required QPR or ASIST, and the DCSD suicide procedures training, offered free of charge. QPR needs to be taken every 2 years, ASIST needs to be taken every 3 years, and the DCSD Suicide Procedures training needs to be taken every 3 years.
- Ensure the charter school mental health provider delivers the district “keeping students safe” part 2 training to the entire charter school staff at the beginning of each school year.

- Ensure all charter school staff complete online mandatory training that includes child abuse and neglect reporting training, Handle With Care Training and the Keeping Students Safe training.

Crisis Team Support

- In the event of a student or staff member death (or other traumatic event) the crisis team will respond to the school. A crisis lead responder will work directly with the school leader(s) and mental health provider(s) to implement established procedures for communication (student, staff and community), providing support to students and staff, monitoring safety, connecting students or staff with resources outside of school if necessary, sharing resources with parents, and debriefing. Preparedness training and utilizing established procedures minimize the potential for an incident to become chaotic or the potential for making a serious error in communication. It is important that students and staff members directly impacted by a traumatic event receive the support and counseling they need, and that the school community can reintegrate back into normal routine.

Homeless Student Services

Charter schools will have access to the district [homeless student liaison](#) for homeless student services pursuant to the McKinney-Vento Homeless Assistance Act free of charge.

Grant Administration

The District recognizes that Charter Schools are utilizing revenue sources associated with federal and state agency grants. The District is required to be Fiscal Agent on such grants meaning the District is responsible for oversight, approval, review and distribution of funds.

These administrative tasks result in the utilization of District resources. In recognition of this, the District is mandating the following.

Grant Submission

Prior to consideration of response to a request for proposal or grant application, the District Grant Office must be consulted to determine viability of the grant. Any new grant in which the District is listed as the Fiscal Agent or Authorized Representative, or requires the Superintendent or Board of Education signature, or reporting of the District financial statement, shall be reviewed by the District Grant office before submission. This includes review of related budgets, applications and any other attachments. The Charter School shall request reimbursement of the maximum allowable indirect/administrative costs as dictated by the grant.

New Charter Start-up Grants

This is a three year grant for new charter schools. This grant is subject to the guidelines outlined in the grant submission section above.

Year 1 – No administration fees will be charged by the District.

Year 2 and 3 – Administration fee of 3% will be charged by the District (from General funds).

Grants that allow Indirect/Administration

The District shall retain up to 100% of the allowable indirect/administration reimbursement. If the grant allows for indirect costs, but the Charter School failed to include the request in their application/budget, the Charter School shall pay the District for administration out of their general funds. The District may withhold these funds directly through the monthly wire transfer.

Grants that do not allow for Indirect/Administration

The District reserves the right to decline grant submission for any grant that does not allow for reimbursement of indirect/administrative costs. If the District decides to submit the grant, the District reserves the right to charge up to 3% indirect costs to the Charter School. This fee shall be paid out of the Charter School general funds. The District may withhold these funds directly through the monthly wire transfer.

Up to 2 courses per student can be offered at no cost to the student or charter as long as eDCSD has space available in the requested courses. Students must secure approval from the staff at the Charter school prior to enrollment and must meet application due dates posted on eDCSD website.

Homebound Services

Homebound programming is available to students who are unable to attend school due to a qualifying medical or psychological condition. Homebound programming is a temporary placement. Requests for homebound programming need to be initiated through the student's school of attendance. Families will need to provide medical documentation and allow applicable parties to speak with medical professionals to devise an appropriate plan. Plans are developed based on student's individual needs/circumstances in the least restrictive environment as possible by all applicable stakeholders. [Homebound Programming Guidance](#)

Process for Determining Eligibility

- Determination eligibility for academic support through homebound education programming is a collaborative process involving the student, parent, school nurse consultant, instructional staff and school counselor (mental health provider, if applicable) from the student's neighborhood school, and the homebound coordinator. When an application is received from a student who is served pursuant to an IEP or a Section 504 plan, a meeting of persons knowledgeable about the student's needs will be convened to make a team determination regarding the application.
- Completion of the application is NOT a guarantee of enrollment

DCSD CTE/CE Course Pricing Information

Due to the unique programming and associated costs of Douglas County School District CTE/CE, this document has been created to outline the costs for students attending courses offered at the Legacy Campus and across the District in the various neighborhood High Schools.

The costs associated with students attending any DCSD CTE/CE courses are based on DCSD-Adopted Per Pupil Revenue (PPR). The amount for DCSD PPR changes on an annual basis, and therefore the costs associated with DCSD CTE/CE courses will change as well. Single Block classes are charged at ($\frac{1}{8}$) 12.5% of PPR, while Double Block classes are charged at ($\frac{1}{4}$) 25% of PPR corresponding with the amount of time spent in the specific program.

2023-24 DCSD PPR is estimated to be \$10,016.88

Estimated Cost Per Block 2023-24 (finalized in June 2023)

Nutrition Services

Use of District Nutrition Services:

Charter schools have the option of contracting with Douglas County School District Nutrition Services to provide fresh meals to their students. Conditions of the contract are based on total enrollment size of the school as well as existing kitchen facilities. DCSD Nutrition Services prepares all meals on site at their schools and will not contract with schools if adequate facilities are not provided. Charter schools must provide equipment listed on the “Minimum Required Kitchen Equipment List” based on estimated enrollment. This list can be provided by Nutrition Services at any time. All equipment must be purchased by the Charter School. A contract with DCSD Nutrition Services must be signed at least two months prior to the first day of service. Nutrition Services encourages Charter Schools to reach out early in the planning process as some building modifications or construction may be needed for the equipment required. The contract will detail the responsibilities of both parties. To see a sample contract please reach out to DCSD Nutrition Services at 303-387-0320. Nutrition Services will be operating the National School Lunch Program and Free Meals for all Students beginning the 2023/2024 School Year. This will necessitate additional equipment at Charter schools to handle the increased participation.

Transportation Services

All personnel who will be driving vehicles owned/leased by a Charter School must be trained and certified by the district. This includes assessment of driving records, student management, and vehicle handling. All personnel who will drive any vehicle over 26,001 GVW that transports more than 16 people will need to obtain a commercial

drivers license and meet all state and federal regulations including drug testing and a federal D.O.T physical. The Charter School will monitor and maintain all Motor Vehicle Records as they pertain to the individuals to qualify them for driving students.

Certification must be renewed on a yearly basis and the school district has the right to prohibit an individual from driving students if they do not meet CDE requirements and Motor Vehicle Record compliance. The Charter school is responsible for maintaining all Driver Qualification Files.

Finally, there are many federal and state rules and regulations related to the provision of transportation services. One specific rule to be aware of is that any small vehicles or school buses owned and operated by a charter school or under contract must meet the safety and operating standards as prescribed in State Board Rules 1 CCR 301-25, 301-26 and 301-29. Prior to any vehicle purchase, the District will need to certify that the vehicle meets CDE compliance regulations for the transportation of students. Once purchased the vehicle needs to be inspected by a District CDE inspector every year, for compliance. Repairs and maintenance of the vehicle must meet CDE requirements and must be maintained by the school. Once a Charter School determines that they will be transporting students, a memorandum of understanding (MOU) will be signed between the district and the Charter School. This will outline training specifics for the drivers and the maintenance of the vehicle(s).

Facility Rentals

Charter Schools may reserve DCSD facilities including stadiums, gyms and fields. Charter schools will be charged the lowest rate (Nonprofit Douglas County Youth) for all rentals. This lowest rate is a cost recovery rate estimated to offset the wear and tear of properties, utilities, etc. Charter schools will be required to follow all rental agreement terms (linked [here](#)). There are two rental application windows, November 1 and May 1 of each year, see website for more information [here](#). A background verification form for all adults providing supervision during the event are required (form available [here](#)). Any facility damage will be corrected by the charter school or submitted to the charter school insurance carrier for repair.

If a Charter school is interested in renting one of the stadiums (Halftime Help, DC Stadium, or Echo Park Stadium) please contact the appropriate rental department for assistance.

- Halftime Help Stadium rental is managed with Highlands Ranch Metro District (720-240-5931) and
- DC Stadium and Echo Park Stadium are managed through the DCSD Rental Office.

For any questions please call the facility rental office at 720-433-1112 or 720-433-1117
